

President's Message

All Northern California Members,

On November 28, 2020, the Northern California L.B.C. 38 Board of Directors voted to waive all LBC fees that we would normally take in from athletes, non-athletes, and gym owners. I contacted the National Office of USA Boxing in Colorado Springs and asked that they adjust all registration fees for our LBC. Fees for all of our LBC's members have already been adjusted and are as follows:

Athlete 8-10 – \$55

Athlete 11-16 – \$60

Athlete 17-34 - \$65

Athlete 35+ - \$75

Non-Athlete - \$75 plus \$25 background check every other year

Club- \$180

To be clear, members will still have to pay USA Boxing's National fees, but absolutely no fees will be paid to our LBC's budget. This means our LBC will not be bringing in a large sum of money during 2021. Though this will be a large financial hit to our budget, it is the right thing to do for our members. If you have already paid full price for registration fees, you will be reimbursed your LBC portion.

Please remember that USA Boxing's National fees, **for those that were registered in 2020**, will be discounted 10% when you register for 2021. In order to receive this discount, you must register and pay prior to December 31, 2020. When renewing your membership, please use the appropriate codes below to receive your 10% discount.

Club/Gym: B2B10CLUB

Non-Athletes: B2B10NA

I wish all of you the best and hope boxing will be back as soon as possible.

Respectfully,

David Hartman, President, USA Boxing Northern California LBC #38
